

Equações:

**Tubarões:**

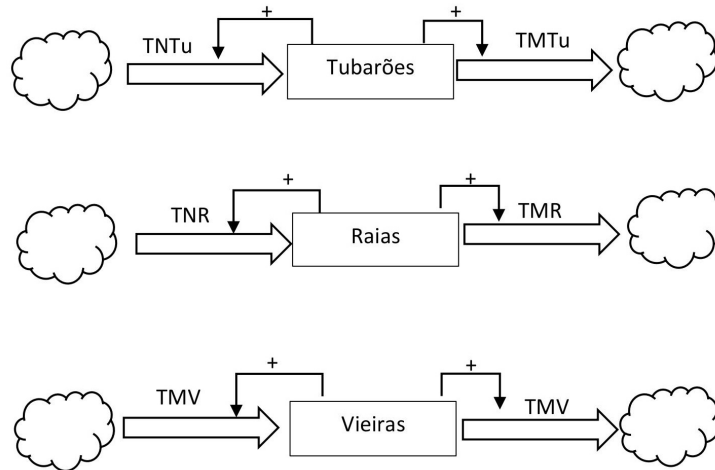

$$Tu(t + 1) = Tu(t) + TNTu \cdot Tu(t) - TMTu \cdot Tu(t)$$

**Raias:**

$$R(t + 1) = R(t) + TNR \cdot R(t) - TMR \cdot R(t)$$

**Vieiras:**

$$V(t + 1) = V(t) + TMV \cdot V(t) - TMR \cdot V(t)$$
